Genhack 2 - Generative Modelling Challenge

COMPLETION CERTIFICATE

The Chair Stress Test, RISK Management and Financial Steering, created by École polytechnique, Fondation de l'École polytechnique and BNP PARIBAS, has conferred to

Ladji Idrissa FOFANA

the Genhack 2 completion certificate upon the delivery of satisfactory numerical models evaluated by the jury.

The Generative Modelling Challenge 2022 is a 1month data challenge on generative models to study the evolution of ocean temperature spatially and across the years in the context of climate change, based on real data.
